

How to add our YouTube videos to your website

1. Go to www.youtube.com/FederalStudentAid
2. Select “Browse Videos” to see all the videos we have available

3. Click on the video you would like to embed
4. Under the video, select “Share”

A screenshot of a YouTube video player interface. At the top, there is a video player with a play button, a volume icon, and a progress bar showing 0:02 / 2:09. Below the player, there are several buttons: 'Like', 'Add to', 'Share', 'Storify', and a print icon. To the right of these buttons, the view count '24,415' is displayed. Below the buttons, there is a text input field containing the URL 'http://youtu.be/c-23SMf5Dy'. To the right of the URL field, there are two buttons: 'Embed' and 'Email'. The 'Embed' button is highlighted with a red rectangular box, and a red arrow points to it from the bottom left. To the right of the 'Embed' and 'Email' buttons, there are social media sharing icons for Facebook, Twitter, and Google+, along with a 'More' dropdown menu. At the bottom right, there is a 'G+ Hangout' button.

7. Copy and paste the code into the allocated area of your HTML webpage

The screenshot shows the YouTube video embed interface. At the top, there's a video player with a progress bar at 0:02 / 2:09. Below the player are buttons for Like, Add to, Share, Storify, and a print icon. To the right, it shows 24,415 views. A dropdown menu is open, showing the URL `http://youtu.be/c-23SMf5Dy` and buttons for Embed, Email, and social media links (Facebook, Twitter, Google+). A red box highlights the embed code area, which contains the following code:

```
<iframe width="560" height="315"
src="http://www.youtube.com/embed/c-23SMf5Dy?rel=0"
frameborder="0" allowfullscreen></iframe>
```

Below the code, there's a note: "After making your selection, copy and paste the embed code above. The code changes based on your selection." There are also checkboxes for "Show suggested videos when the video finishes", "Use HTTPS [?]", "Enable privacy-enhanced mode [?]", and "Use old embed code [?]". At the bottom, there are size selection options: 560 x 315 (selected), 640 x 360, 853 x 480, 1280 x 720, and Custom. The Custom option has input fields for Width and Height in pixels. A red arrow points to the red box containing the embed code.
